

## LET THE FACTS BE SHOWN

DR. PATTERSON, in his tirade of abuse against the Fusion ticket, charged James Sweeney with having misappropriated several thousand dollars of the funds of the State Central Committee, when he was chairman two years ago. He got his cue from talk that had been floating about for some time, made by irresponsible persons who circulated such talk through ignorance or malice.

It was generally conceded that if these charges were true, it was in order for Mr. Sweeney to retire from the ticket.

The charges were not true and Mr. Sweeney has shown proper vouchers and receipts for every dollar that came into his hands.

Now, while Dr. Patterson was giving public oration to an audience at the opera house of these false and libelous statements against the integrity of a man running for supreme judge, he overlooked the fact that the same identical charges have been made for the past two years against George Mills, candidate for lieutenant governor on the republican ticket, and the charges have been circulated openly by some of the leading republicans of the State.

They have charged that George Mills, as chairman of the republican central committee has some seven thousand dollars of the funds of the committee for which he has never made an accounting.

The Appeal knows nothing of the truth of these charges, but they have been made and are a matter of common talk.

If untrue, as they doubtless are, they are working an injury to the candidate and casting a shadow upon the reputation of Mr. Mills.

The Appeal learns that he refused to make an accounting to certain men who demanded it and he was well within his rights as chairman of the committee in so doing.

In view of the scandal that has arisen in this case however, The Appeal suggests that Mr. Mills take the same course adopted by Mr. Sweeney. In justice to himself and associates on the ticket, let him exhibit his receipts and vouchers and place himself right before his friends.

If he is unable to do that he should certainly do as the republicans suggested as proper for Mr. Sweeney, resign from the ticket.

The News is the personal organ of George Mills, candidate for lieutenant governor and a paper in which he is largely interested as a stockholder. The News has spent most of the campaign in vituperation and abuse of Fusion candidates and charging all sorts of rascality in every direction.

We suggest that The News try to clean its own house before it throws so many stones.

No doubt Mr. Mills will be able to show proper vouchers for all the campaign money that came into his hands two years ago but until he does so and gives the lie to accusers in his own party he cannot come before the voters and ask for their suffrage.

## NO WHITE LABORERS TO BE HAD

Ed. Appeal.—The News of this morning states that there were two Indians employed on the state grounds.

The parties referred to are half breeds whom I employed for two days to shovel dirt on the Armory walk. I secured the city for a week and had two other men engaged in hunting white men to do the work; but was unable to get anyone except the two men alluded to by the News. The work was urgent and had to be done. The railroad company has been unable to find white men to build fences and have been obliged to employ Indians.

The scarcity of white labor is well known at this time to The News as well as to anybody, and due to the general prosperity of the State.

Neither the governor nor any member of the board had anything to do with the employment of these two men.

S. H. DAY.

### FESTIVAL WEDNESDAY NIGHT

Don't forget the festival of the La-  
dies of St. Theresa's next Wednesday evening. Incidentally, a bundle of tickets, addressed to Mrs. Julia Cow-  
burn Ramsey, has been lost. Please return to Mrs. Joe. Rayercraft.

Statistics of the German Pure Food commission shows that in Ger-  
many 180,000 dogs were killed for  
sausage meat this year and that 19  
per cent more horses were used for  
food than last year.

## DEMOCRATS GET OVATION IN WINNEMUCCA

WINNEMUCCA, Oct. 26.—The Democratic-Silver nominees have apparently made a clean sweep of this community. The party of campaign-  
ers arrived here yesterday and spoke to as large a crowd as ever gathered in this neighborhood. Miners and sheepmen traveling on the Kennedy road, and miners and sheepmen from Golconda kept arriving in town all day. Farmers in rigs from as far away as Paradise valley came to hear the principles of democracy discussed by Senator Newlands, George A. Bartlett, Governor Sparks, Sweeney, Mannix and the rest of the speakers. By evening the streets were filled with an unwonted throng, and the meeting was attended by all of them.

## ANNIVERSARY OF VIRGINIA CITY FIRE

Today is the thirty-first anniversary of the fire that destroyed the greater part of Virginia City. The thriving mining town soon recovered from the disaster and became larger and better than before, though, at the present time it is difficult to realize the prosperity that followed for many years.

## KARGE IS MAKING MANY IMPROVEMENTS

Alfred Karge is making further improvements to his dwelling house at the corner of Musser and Nevada. A commodious portico extending around the house will add materially to its appearance.

## EXTENSIVE MINING DEAL

GOLDFIELD, Oct. 26.—The biggest mining deal in the history of the Comstock is about to be consummated. George Wingfield, for himself and associates, has bought sufficient stock in the Jumbo and the Red Top mines to give them control of the properties. The stock purchased belonged to Charles and Harry Taylor, and Hughey and Colburn, all pioneers and locators of the ground. This purchase was only a detail of a much larger deal, which will be in the nature of a merger.

On Saturday of last week, J. H. Carstairs bought control of the Mohawk stock. It is understood that Carstairs and his associates have joined the Wingfield and Nixon syndicate to bring about a merger of the Mohawk, Jumbo, Red Top, Jumbo Extension, Florence and possibly the Combination.

### TILLY OLSON

The evolution of the Swedish-American type of drama is shown in the latest addition to the list of Swedish plays—Tilly Olson—underlined for early presentation in this city. Here, before the mal- sex has come in for all the heroics, but his time the tables are turned and the playwright has made one of the fair sex of Swedish nativity the principal character in the drama. Tilly Olson is a bright and amusing young Swedish girl; odd and eccentric in her actions but with a charming and lovable type of character. The piece is a refreshing comedy of the northwest and abounds in laughs. A handsome scenic environment and a capable cast have been provided by the management. Miss Emily Erickson will play the title role and the company will appear at the opera house, Monday evening, October 29.

L. T. Brockbank, the well known mining promoter was among the arrivals on this morning's train.

## NEW POSTAL LAW WILL GO INTO EFFECT NEXT YEAR

A new order will go into effect at the postoffice after January first. The postal department has ordered that if the amount due for box rent at the beginning of each quarter be not paid within ten days after notification has been given to owner of box, the same will be sealed and cannot be opened until the box rent is forthcoming.

The enforcing of this order, which is imperative and which does not lie in the hands of the postmaster, will be the means of forcibly reminding those dilatory ones who allow the payment to slip their minds from day to day—a matter simply of neglect rather than any attempt to evade payment.

## SIZE OF THE WALKER LAKE RESERVATION

The Walker Lake district is pear-shaped and begins southwest of the reservation, near Hot Springs, fifteen miles west of Hawthorne. From this starting point the line runs east and north, passing north of Hawthorne to a point eight miles northeast of that town, then runs north to Sand Springs, in Churchill county, thence southeast, striking the Yerington district, passing east of Nordsyke to the place of beginning. Its total length is about sixty miles, with a width varying from twenty to thirty-six miles. It includes the entire reservation, and several mountain ranges on both sides of the lake.

## BRIEF PARAGRAPHS

It is now estimated that 6000 people will be on the line ready for the rush into the Walker Lake reservation next Monday.

Indians are not prohibited from making mineral locations in the reservation that will be thrown open Monday.

Mrs. S. J. Fox returned this morning from an extended visit with relatives in Missouri.

Judge G. F. Talbot returned from the Bay City this morning.

Doctor Wagner was called professionally to Silver City this morning.

Mr. and Mrs. Percy Elstner arrived from Goldfield Wednesday evening and are the guests of Mr. and Mrs. W. H. Keyser.

Mrs. C. J. Lee and little son of Quincy, California, are guests at the Hotel Arlington.

J. Sheehan of San Francisco arrived this morning.

Captain D. H. Hall is over from Reno for a visit. He looks well and prosperous.

F. W. Day was a passenger this morning for Virginia City, his errand being the superintendence of some ore sent for treatment from his Silver Bow property to the Comstock.

Mrs. Theresa Ardery of Virginia City, Chief of the Grand Temple of Rathbone Sisters, is touring the State making official visits to all the lodges.

A postoffice is to be established at the Commonwealth mine in Washoe county.

Mrs. C. E. Slingerland is to give a concert, assisted by several of our best musicians, at Odd Fellows Hall, Nov. 2.

Ed. Bettencourt, at Wadleys, is improving so fast that he will be back at his chair in a few days.

Don't forget the Christian Endeavor social this evening at the Presbyterian church. All are cordially invited to attend.

A blizzard is sweeping the great lakes. Damage to shipping and ports is the usual accompaniment to these storms.

Jim Yerington is in the city, greeting friends and telling them all how it happened. Ed, too, is home again from a trip to Salt Lake.

Claude M. Smith, a mining operator of Goldfield, is in this city on business en route to his headquarters, Goldfield.

The many friends of Thomas Robinson will be pleased to know that he is being improved in health in New York, where he went to secure special treatment. He was injured in a mine at Goldfield and it was thought his spine was affected.

A free for all fight followed the 45 cent indulgence in the contents of a bottle of whiskey in the Indian camp north of town yesterday. Several braves are hors du combat.

A special train will be run from Virginia City to Reno Saturday night for the convenience of those who desire to attend the last night of the Catholic fair in that city.

Thirty persons were incinerated in a fire that destroyed one of the main business buildings in Kansas City yesterday.

W. W. Booth of the Tonopah Extension, is in this city on business.

Once more the S. P. engineers have succeeded in making the Colorado river keep within its banks, for how long is doubtful. The task has proven one of the most difficult engineering feats of modern times. The Salton sea now will probably dry up, as it has before.

Probably the biggest time of the season will be the candidates ball, to be given at the opera house, November 2. All are invited.

It begins to look as if Hearst will be elected governor of New York. Every paper in the State, with the exception of his own, is opposing him; but Tammany is for him.

## MONTEREY HEIGHTS LOTS ARE MONEY MAKERS

Mr. Leslie H. Bell, of the Henderson Realty Company, spent a couple of days with his family at Hotel Monterey. He said he was resting and not here to sell Monterey Heights lots. In regard to this property he said: "When the street work is done and the water pipes laid there will not be an unsold lot left in the tract. If we had five times as many lots we would not be at all anxious about the sales. We have spent no money to speak in advertising. It is not advertising, but showing the property that sells it. As it costs fully twenty-five per cent more to do the street work now than it will in January and February we have hesitated to incur the additional expense, which amounts to several thousand dollars, but we now have fifty-seven lots sold and many of our purchasers are anxious to build and are waiting only for water service, so we are going ahead with the work regardless of expense. I have seen some of their plans and they assure me that Monterey Heights will be a place of surpassing artificial as well as natural beauty. This is what we want." Mr. Bell's family wished to remain here for the winter but after a thorough canvass of the real estate offices the plan was abandoned for the present, for there was not a vacant house to be had.—Army News.

## CANDIDATES BALL NOV. 2

The committee in charge of the candidates' ball to be given by the candidates of both parties at the opera house Friday evening, November 2, is sparing neither time nor expense to make the party a success.

The orchestra is practicing new music that will make you dance whether you want to do so or not and you will go home feeling younger and better for the limbering up.

### FUSION COMMITTEE MEETING

There will be a meeting of the County Fusion Committee at 8 o'clock, Saturday evening at their headquarters.
